Perennials are plants that appear year after year without reseeding or replanting. They may die to the ground during part of the year, but return to full form when their season returns. A few cold sensitive perennials should be used as annuals.

- Key -
- ☀ Full Sun
 - ☂ Partial Shade
 - Shade
 - ♣ Attracts Hummingbirds
 - ☿ Attracts Butterflies
 - ☼ Likes Moist well drained soil
 - ♣ Low Water Usage
 - ☼ Ground Cover
 - * Tender treat as annual
